SCORING AT A GLANCE

- Round ends when someone plays their last tile — they score **0**.
- Everyone else scores the **total pips** left in their hand.
- **Lowest total after all rounds wins** the game.
- Popular house rule: score the double-blank as **50 points** (agree before you start).

FEWER ROUNDS OR A SMALLER SET

- Double-9 set: start at round 9-9 (10 rounds). Double-6: start at 6-6 (7 rounds).
- Short on time? Agree up front to play every other round, or stop at any engine.
- Fewer than 8 players? Cross out the unused player columns before you deal.
